Price:

2500.00 \$

BUY ONE GET ONE FREE.....i have (2).....cubs tractors 1948&1953 IH cub tractors for sale or trade,c-60 motors,brand new radiators on both and the motors flushed and new anti-freeze put in.....they both are almost identical, they both smoke on startup but goes away after warming up...the 1948 runs and drives and cuts, has new plugs,wires,volt meter,points and condensor, really doesnt need anything to use,.....the 1953 needs tank cleaned or replaced, can show u it fires with starting fluid, also needs battery, pto needs work grinds when u try to engage, runs good when fuel system clean, needs a rebuilt carb or new one, ran good but carb and filter kept filling up with crap, so if u clean or whatever to the fuel system it will run and of course take care of the little stuff, both 12 volt, tires arent great on the 1953 but do hold air good, i want a automatic 4 wheeler at least 250cc... scooter trike, vw trike..a gas cart, some kind of golf type cart or something for at least 2 people to ride around neighborhood, or? what have u? somewhere along those lines...please keep in mind we are both in our 60's so we need something with electric start,chain drive "not belt" and not to low to the ground lol, something like a hammerhead or bigger to get in and out of, or gas or electric golf cart...not worried about looks but must run well no matter what ur trade is ok? if u have something send pix and info of it, and ur contact number please.....either trade even or would cash depending on value both of these at \$ 2500 no less cash or give it up about your trade!!!! DON'T ASK IF STUFF IS AVAILABLE I WILL TELL YOU IF I HAVE IT...
